*“My name is Devan Kline, Burn Boot Camp’s Founder and CEO. I was born in Battle Creek, MI where I grew up with my wife Morgan. We now share a wonderful life together with our daughter Cameron in Lake Norman, NC. I played collegiate baseball at Central Michigan University and graduated with a B.S.B.A in Marketing. After college I continued my baseball career with the San Francisco Giants where I gained my love for health and fitness by helping my various host families achieve more happiness in their lives through health. This inspired me to start a quest to help families all over the world and thus Burn Boot Camp was born. I am a proud leader of a team of incredible clients, trainers, and owners who share my passion and enthusiasm for helping women achieve more than they ever thought possible.*

*I define my success by the amount of people who I can help to mentally, physically, and emotionally overcome their odds. Most of my childhood was riddled with violence, drug abuse, and alcoholism by my parents. With my father being in and out of jail, I had to become a man at an early age. My hope is that my determination to not be a product of my environment can inspire others to think the same way*

*Burn Boot Camp is my family now. I will spend my life striving to gain influence over lives that need my help in route to becoming the greatest husband, father, personal trainer, and friend I can possibly be!”*
