Rachael Wall, RDH, BS

Inspired Hygiene

Elevating your hygiene service, systems, and profits.

“The Motivated Mindset”

April 19th, 2016: 8:30am-12:00pm

Course Description:

Uncover the most common mistakes that when corrected can easily triple the amount of perio therapy you're performing, increase production, reduce stress and set you apart as a true healthcare professional.

After this course, the participant will be familiar with:

- Resources to get the entire team on the same page with a common Perio Standard of Care
- Science-based rationale to overcome mental barriers that hold hygienists and dentists back from recommending ideal perio treatment
- Develop critical thinking skills to create customized treatment plans and increase case acceptance
- Specific language for presenting perio treatment to existing patients- and getting a surprisingly high acceptance rate

About Rachael Wall, RDH, BS

Rachel Wall, RDH, BS coaches dental teams to build highly productive hygiene departments by implementing systems for high quality periodontal care, enrolling restorative care through hygiene, letting go of negative mindsets and old beliefs while managing the logistics of a high performance hygiene department.

Drawing from her 20-plus years of experience as a hygienist and practice administrator, Rachel delivers to-the-point clinical speaking presentations around the country. Her interactive teaching style coupled with a workshop environment creates a learning space where dentists and team members are compelled to get to the heart of what's held them back and are inspired to reach for more for themselves and their practices.
